

# Carrousel Gazebo

## Description

The Carrousel is a permanent shelter that can be installed in the place of your choice. Creating a comfortable room away from the sun, rain, wind and insects has never been easier. Multiply the moments of happiness with family and friends and live life to its fullest.

## Characteristic

Made of extruded aluminum with cooked in coated white or beige paint and a permanent four seasons vinyl canvas of 22 ounces, with a durability of 12 to 15 years. Attachment patented fabric system for quick and easy (without lacing). Equipped with sliding polymer windows, fiberglass screen and a hinge door.

Glass windows also available.

Dimensions: 12 'x 12' (8 panels) and 16 'x 12' (10 panels).

## Advantages

With large sliding polymer windows, the Carrousel allows air to circulate freely and ensures comfort at all times. Fixed fiberglass screens, built into the same panels ensure an effective protection against insects that could be a pests during meals. The vinyl 22 oz cover remains installed permanently on the structure and requires no maintenance.

This system can be installed on any patio and entails no modification to be done.

The carousel is suitable for all types of flooring and installs in just hours.
